Re: 2008 Denver Ozone Action Plan
Prehearing Statement of El Paso Western Pipelines
Full Text of Exhibits 1 and 2

Dear Ms. Martin,

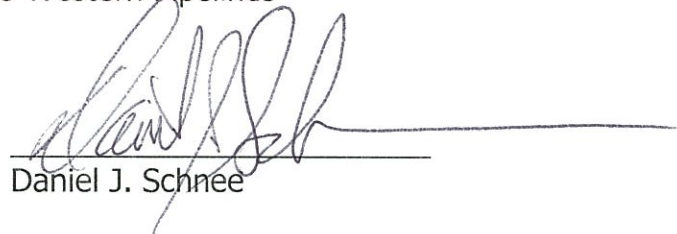

Per 1.5.5(5)(c)(iv)(B) of the Procedural Rules of the Air Quality Control Commission, please find enclosed fifteen (15) compact disks containing the full text of Exhibits 1 and 2 to El Paso Western Pipeline's Prehearing Statement in the referenced proceeding. For your reference, I also enclose one (1) copy of the Prehearing Statement, which will be filed electronically upon all Parties to the proceeding by the close of business today. As you will note, the Prehearing Statement's Exhibits 1 and 2 contain an excerpt of the material that is enclosed, the full text of which was too large to practicably be attached to the Prehearing Statement.

If you have any questions or concerns with the filing, please feel free to contact me.

Sincerely yours,

El Paso Western Pipelines

By:

Daniel J. Schnee
